LIGHTWAY

VT SERIES

Linear wall lighting. More possibilities.

A versatile steel fixture with a smooth white acrylic diffuser, designed for horizontal or vertical installation.

Built for the way spaces work

From multifamily corridors and stairwells to hospitality and commercial hallways, VT brings a clean architectural presence to new construction and retrofits.

3-inch profile

ADA compliant; damp-location UL/CUL listed.

Six lengths

24, 36, 48, 60, 72 and 96 inches.

Flexible control

Dims to 10%; F1Y adds Energy Star and Title 24/JA8 compliance.

Non-VOC powder coat; low-VOC metal finishes. Custom finishes: consult factory.

One series. Horizontal or vertical.

HORIZONTAL / MULTIFAMILY

HORIZONTAL / HOSPITALITY

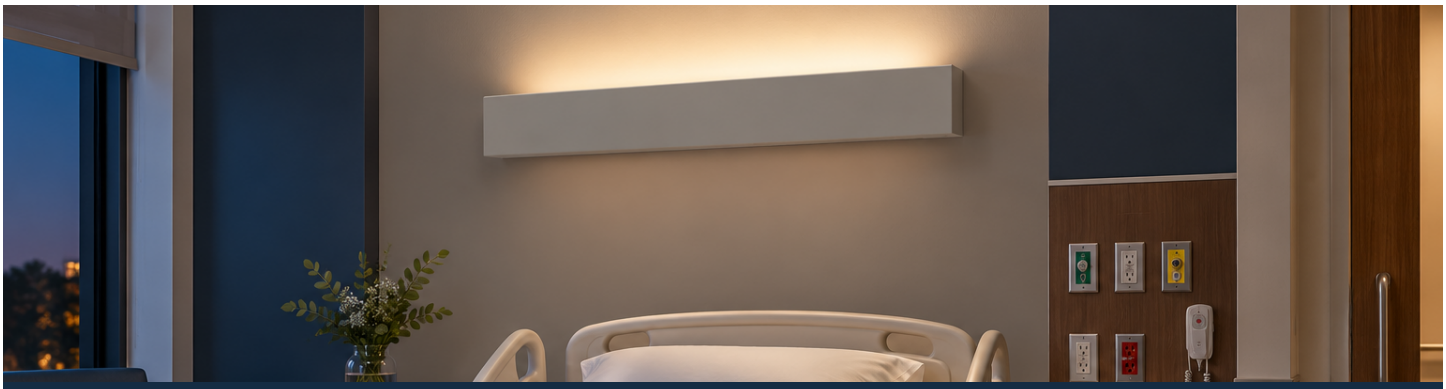

VERTICAL / CORRIDOR

VERTICAL / STAIRWELL

Architectural application visualizations based on supplied fixture references.

Independent nightlight circuit — up light-only operation after hours
