

INSTALLATION OPERATION INSTRUCTIONS

WARNING Before starting the installation, disconnect the power by turning off the circuit
Turning the power off using the light switch is not sufficient

1. To install the Fixture, Expose the supply wiring from the Outlet Box.
2. Run the supply wiring Out of the Outlet Box (A)
3. Screw the Mounting Nipple (A) onto the Outlet Box.
4. Make electrical connections: Connect grounding wire (green or bare copper) from the supply circuit to the green colored wire from the fixture. Connect the white wire(s) from the fixture to the white wire of the supply circuit. Connect the black wire(s) from the Fixture to the black or supply wire of the supply circuit. Use UL Listed wire connectors (by others). Secure wire connectors with UL Listed electrical tape (by others).
5. Center the Fixture (B) into the Mounting Nipple (A) & tighten with the Star Washer (C) & the Hex Nut (D)
6. Thread the Star Washer (E) & the Coupling (F) onto remaining thread from Mounting Nipple (A) then install the 3" Nipple (G) onto Coupling for Lens (F)
7. Install Lamps.
8. Center Lens (H), Deco Ring (I) into Nipple (G) & tighten with the Nut (J)
9. Restore power.
